After Final Office Action of January 27, 2011

## **AMENDMENTS TO THE SPECIFICATION**

Docket No.: 2001145.00120US1

Please replace the paragraph beginning on line 9 of page 4 with the following amended paragraph:

A third aspect of embodiments of the present invention provides a ranging system comprising means for generating a ranging code; means for generating a signal or implementing a method as claimed in any of the preceding claim; means for transmitting the signal.
